

Welcome to Tønsberg Football Club

Tønsberg Fotballklubb (TFK) was formed on the 14th of November 1985 given a joint decision by the well-established sporting organizations Tønsberg Turnforening (TT) and IF Tønsberg-Kameratene (TK) to merge their respective football clubs into one new club: Tønsberg Fotballklubb. TT played their first football match in 1904, while TK were active from their very formation on the 10th of October 1917.

For many years these two were Tønsberg's football teams – with a clear need in the city of Tønsberg for both the blue and whites (TT) and the red and whites (TK).

Harald Eie was TFK's first chairman; joining him on the board were Josef Hersløv, Einar Andreassen, Knut Gran, Tom A. Gjermundsen, Roar Tandberg and Morten Ølstørn.

From 1937 «Tønsberg Gressbane» was the home of TT and TK. Later, TFK would build its own pitch («Treningsfeltet»), which was renovated in 2010 to incorporate an artificial pitch.

This was necessary given the large increase in aspiring players and the increasing demand for training- and match time at Tønsberg Gressbane, which itself gained an artificial pitch in 2002.

In June 2022 TFK entered a partnership with the Landscape Company Strandman AS, leading to the naming of the Strandman Arena. Two small cage-ball pitches (10x15m) were built by Strandman in the Autumn of 2022.

Tønsberg Fotballklubb has its own facilities, including a modern club room, a meeting room with audio-visual equipment, a kiosk and changing rooms. Tønsberg Football Club's catchment area is central Tønsberg and the surrounding area, including Byskogen School (1-10.grade) and Træleborg School (1.-7).
